To Whom it May Concern,

RE: MB Docket No. 04-233

The current FM Translator service brings my daughter and myself good positive influence through their music and messages presented by radio stations like K-Love in San Antonio, Texas. When we are out and about we can listen to K-Love for inspiring uplifting talk and music. This helps keep us feeling good and doing the right thing.

To have an LPFM broadcasting other programming is not necessary as we can get other programming just by switching to other radio stations to get music and talk about all the bad and depressing things that happen in life. The LPFM broadcasting other programming would just be one more station in the mix that I don't listen to! Meanwhile K-Love is unique in its programming.

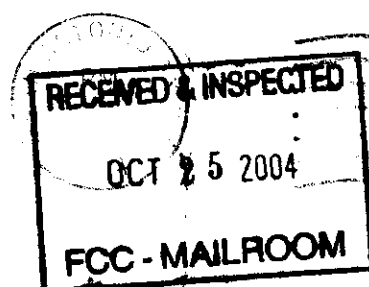

Equal opportunity for people that want encouraging and positive music and talk on the radio - a station to listen to is why the FM Translator Service should be left as it is today.

In the world of today we need all the encouragement and good news we can get. Who knows how many people are touched and encouraged to keep going and doing good in their lives by radio stations like K-Love on the current FM Translator Service.

I pray that God will lead you to leave us this bright spot on the Radio dial.

Dear FCC Authority, RE: M & B Docket No. 14-233

I am writing to urge you to limit WPFM thus allowing FM translator service to continue. The result here in Midland, TX could be the loss of our K-LOVE signal. We are known as an ever all conservative, Christian community. It follows that a conservative, Christian radio station, such as K-LOVE indeed serves the community. I and my husband and many friends listen to K-LOVE and would miss it terribly should it lose its service. So many stations here are of no interest to us, but K-LOVE "meets us where we are". It supports, confirms and encourages our common-to-the-majority values held so dear. Please do not take this source of enjoyment and encouragement from us. Sincerely,
4706 Knights Pl, Midland, TX 79703 Judy Sale

To FCC and Whom it May Concern.

The K Love radio station is very valuable to me, my family, and many of the people around and involved in my life.

The wonderful gifted men and women on the radio and those behind the process of airing this very valuable program must not cease.

This program is of utmost importance because it provides help and entertainment to so many.

RE: MB Docket No. 04-233

Dear FCC staff:

I am writing in response to LPM stations and the status of current stations such as KLOVE.

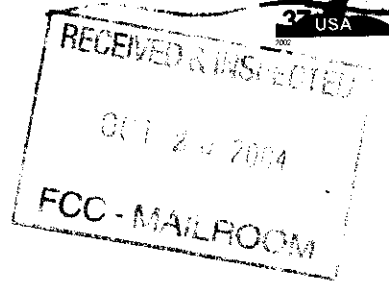

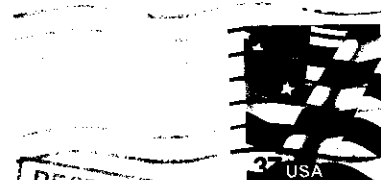

To remove or alter this signal in Arizona would be negative as it is already a problem to find this signal, due to other channels already clogging air-space.

I wouldn't be too happy listening to regular FM programming other than NPR or Classical music. To remove or alter this signal would jeopardize not only listening nationwide but worldwide, as KLOVE goes world-wide.

Thanks for your attention to this matter!
Cordially,
P. Carrasco

Re: Docket 04-233

Dear Sirs and Mesdames:

I am very concerned about a report that Sinclair Broadcasting has ordered its stations to pre-empt regular programming in order to air an anti-Kerry documentary days before the upcoming election.

Surely this is a situation in which you can intervene. It seems to me a blatant disregard for broadcast standards requiring fair and balanced political reporting. Moreover, it is an abuse of the public trust. If they cannot be stopped, surely they can be required to follow up immediately with pro-Kerry programming.

PLEASE ACT ON MY BEHALF AND ON BEHALF OF THE PUBLIC INTEREST!

Thank you.

Sincerely,

Melanie A. Cloghessy

There is another proposal, regulator about concerning
 the stoppage of innovation values. It has to do
 with the saving of free Christian TV. At
 the point in time anyone can surf on them
 to Christian channels free. We are at a cross-
 road in America. Will we take all of Christian
 values out of our Country or will we fight all
 these who would take our last freedom from
 us. I'm ready to fight. I read in the news-
 paper that Red Turner says he hates all Christian
 broadcasting and he will do anything he can to
 get it off the air. I believe he is "lying with
 the regulation of pay per channel is a la carte"
 to the fact that as he has found men to do it for
 him. The Christian pay to have these channels
 and satellites on the air as others can view them
 for free. Why must the change? Who will benefit
 financially? Rich people? The poor lose one more freedom.
 We know many benefit spiritually, physically, morally.
 And we know people who have been kept from suicide.
 Please let well enough alone. A few rich people stand
 not have the right to deprive millions of something they
 enjoy. Sincerely & truly W. Williams

We are loyal listeners to a radio station called KLOVE. This is a nat'l program supported by donors - like us! We financially support KLOVE because it is such a great station for us. It challenges us w/ its music & daily message. We can get local & nat'l important information on church programs, concerts, & news.

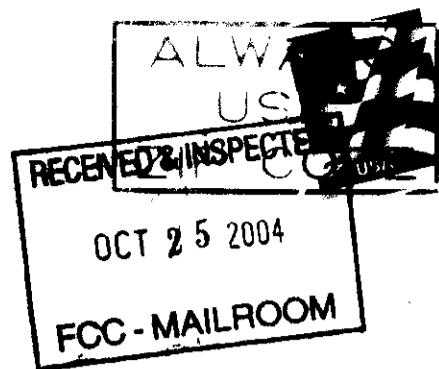

There is no other station that closely resembles KLOVE. It is Christian - has good music - & no commercials. We need it.

If the station is replaced by other programming due to LPFM we simply will not have a Christian family music station accessible to us.

I live in Southern CA. When I listened to Christian radio in TX (previous home) there were other Christian stations. That is not the case here.

I'm writing to you today because I've just been made aware of the issue pending that could remove K-LOVE from my FM radio. I can't tell you how strongly I object to this issue. K-LOVE has become the only radio station that I listen to. Even the news reported is enough to keep me up with current events. My family and I are able to find out about charitable events taking place in my community. I am a financial supporter of this station and ministry. This station has changed lives and transformed youth in my community. I make the choice everyday to either turn the knob to commercial program or listen to K-LOVE, listener supported. I always listen to K-LOVE. Please know that I am just one of many who will turn the radio off if K-LOVE is removed from my listening area.

Re: MB Docket No. 04-233

Dear Sirs:

We are writing to ask that you do all in your power to prevent the loss of FM translator services as you seek to expand LPFM services. We listen to K-LOVE Radio on an almost daily basis and would be very disappointed if it were no longer available to the citizens of our area of Indiana due to the promotion of LPFM services. K-LOVE has a very important role to play in our community as a station that provides only family friendly programming. Much of currently popular music in many formats has lyrics that are not suitable for young children to hear. When the radio is tuned to K-LOVE, parents never have to worry about what their children will hear. K-LOVE's programming is consistently positive in content, giving the message that there is hope even in the midst of struggles, and promoting the core values upon which our great country was founded. It appeals to people across a wide age range and offers encouragement to all. If K-LOVE were forced off the air due to the promotion of LPFM interests, our community would suffer a great loss. We don't know anywhere else on the radio hurting people could find the type of message of hope K-LOVE provides in a commercial free format.

We ask that you do your utmost to assure that K-LOVE will be able to remain on the air across our nation.

Thank you for the opportunity to express our opinion.

Dear FCC,

It has been brought to my attention that your office is considering taking off some radio stations, more specifically K Love Radio Christian Station. In my opinion this would be a great dis-service to the Christian listeners who support their own station.

In some households this is the only contact that families have hearing God's word in a language and manner that is understood by everyone.

K Love is a station that can be trusted for the complete truth and safe hearing for all ages. No second guessing as to what the message is, there is no off color insinuations to put wrong thoughts in the minds of the innocent.

In a time like we are in when God is being pushed out because some people "don't like it". We should be embracing everything that encourages faith and right thinking and doing because after all God is what this country was built on and why this country became so great and wealthy.
